did not come today so I called him by Long Distance Telephone as the matter was so important. I found out immediately just what I wanted to know and the entire conversation only cost forty cents. The Telephone Gets You There First

If you have an appointment and will be a little late; if you have no appointment and wish to make one; if you have an order to place or confirm; if you have any matters to take up with a busy man—don't take the time and energy to call on him—use your telephone first.

By using your telephone you will save your time and his—you will avoid waits and delays—you will reach your man at once in a direct and personal way. A busy man appreciates your courtesy in using the telephone to relieve his mind. It increases your efficiency and his.

Unnecessary Trips—Waiting—Delays—Lost Time—Energy and Money—May be Saved by Using the Telephone

Isn't it Worth While to make an Extensive Use of Your Telephone?

The Pacific Telephone and Telegraph Company

In An Emergency—Telephone

THE TELEPHONE is the *first* to summon aid in accident or emergency. It is invaluable at the time when assistance is needed at once. Your first thought should be "Telephone."

In everyday life, emergencies may arise that demand quick and effective action. With a telephone in your home you are prepared to send for assistance by the *quickest* route. Doctor, druggist, police, fireman—all are within instant reach by telephone. In fact, nearly everyone whom you wish to reach quickly has a telephone.

The Telephone has almost countless uses in the home and not the least of these is its "emergency value."

Why not call our nearest Commercial Office today and learn more about the advantages of a telephone in your home?

"Talk Up Your Trade—Telephone"

"When trade slackens up and orders begin to come in less frequently, I always get busy at my *telephone,*" said one of our subscribers recently.

"It's the best way I know to keep the business geared up to normal and to avoid those dull streaks that make such a difference in the year's profits.

"I find that by using the *telephone* to round up old customers, to go after new trade and to economize my own time and energy, *I can keep my business pretty well-balanced all the time.*"

If your business is not quite up to normal, why not get busy at your Telephone and talk up your trade?

THE PACIFIC TELEPHONE AND TELEGRAPH COMPANY

If you manufacture, sell or distribute merchandise that can be ordered by name, it can be sold *by telephone.*

The logical place to advertise that merchandise is the San Francisco Telephone Directory.

First—by Telephone

A traveling salesman at the end of a several hour trip waited in the outer office of a merchant while the sales manager of a competing firm closed the sale by telephone.

Progressive sales managers have adopted the "Selling by Telephone" method. It widens the field of opportunity, minimizes selling expense, multiplies selling time and enables them to reach the men they want to reach.

Our "Long Distance" service brings the West to your desk. You can now talk by telephone to 1800 cities and towns between Vancouver, B. C., and the Mexican line.

Get there first—telephone.
